

## Best Practice 2

### (Health Awareness Drive)

Objectives of the practice

1. To create awareness on various health or wellness related topics among students and public.
2. Sensitizing girls and women about their health.
3. To support girls and bring awareness on menstrual and gender related issues
4. To create awareness among the parents regarding girls early marriages to avoid health and medical issues.

The context-

Though the college belongs to the urban area but the students are from utmost rural areas. Those students do not know about diet and health. Therefore, it has become more important to monitor the health of students. Due to the growth of consumer society and environmental pollution, students are one of the most vulnerable groups, who face a certain amount of negative changes. At the same time, there is a dirty settlement around the college. There is no health awareness among the people there. Therefore, it is very important to create public awareness about health among the students in the college and in the locality. If we develop an interactive Health Awareness system that would teach the students about health consciousness, we would be able to make the students aware of healthy food life style.

## Practice-

1. Health Checkup Camp- To create healthy atmosphere, the institute organized

2. Health Awareness Programs in the year 2018-19.

2. Eye Checkup Camp- During the year 2019-20, the college has organized two eye checks up camps.

3. During Covid 19, the institute has taken an active participation by donating more than 500 masks to students and hawkers and labour class as well as the vaccination drive was arranged where more than 100 people were vaccinated in the college.

4. Blood Checkup Camp was organized 02 times in the year 2021-22; where around more than 100 students took active participation. At the same time, Yoga which is essential for all-round improvement and intellectual development such as health, peace of mind, personality development, morality. Various lectures, quiz, surya namaskar, physical ability test of student were conducted in the college.

5. In the year 2022-23, Dental Care Program was organized by the college where 50 students took participation.

## Evidence of success-

With a view to improve awareness a series of lectures organized on yoga, women health, Covid -19, healthy food etc. have been taken up to spread the message of prevention and promotion of health through wellness practice throughout the year. Student also participate in health awareness program and also yoga programs. This consciousness in the student's community is looking towards more and more success. The various Health Awareness Programs organized by the college convey the message of importance of Health to all the students.

## Problems Encountered and Resources Required

1. Dealing with different people, adapting to change and keeping people motivated are universal challenges face in any program.
2. Women and girls in rural areas are not ready to tell about the disease.
3. Poverty is a major obstacle to obtaining a nutritious diet.

## NOTICE

All the students of the college are advised that under "Health Awareness Programme" Health Check up Camp has been organized on 18-08-2018 at 10 am. It is necessary for all the student should attend the health checkup camp.

Date 17/08/18

Coordinator  
  
Dr. Anil Babhulkar

## Health Checkup Camp

Health Checkup Camp was organized on 18-08-2018 under "Health Awareness Programme" in college. Dr. Shekhar Gawande was the chief guest. In this checkup camp number of students checked their health problems. After explaining the health problems of the students, Dr. Gawande gave them important guidance regarding health. Principal in-charge Dr. Anil Wankhade, Dr. Babita Hajare, Coordinator Dr. Anil Babhulkar and a large number of students were present on this occasion. The program was attended by teachers and non-teaching staff.

## Dental Care Program

On 18<sup>th</sup> March 2023, The Dental Care Program was conducted in the college under "Health Awareness Program" for the health and hygiene of the students. The event was organized to address the increasing incidence of dental disease due to today's fast food eating habits and the resulting diseases.

Dr. Abhijit Wankhade was prominently present for this program. In this event, students' teeth were checked up. Important guidance was given to the students in this regard. On this occasion, Principal in-charge Dr. Kailas Karale, Prof. Dr. Santosh Tade, Dr. Babita Hajare, Coordinator Dr. Anil Babhulkar and a large number of students were present. Dr. Babhulkar thanked all the participants. The teachers and non-teaching staff of the college worked hard for the program.
